

## Year 2 Learning at Home

<b>Name:</b>	<b>Date:</b> Friday 12th January 2018
--------------	---------------------------------------

The children have had a busy week learning about the classification of vertebrates and which animals lay eggs. As a class we read the book 'Eggday' and the children created their own egg animals. They have also been focusing on their brush strokes, painting different animals and learning to create different effects.

**READING** - please can you read as much as possible with your child at home. It makes such a difference to the progress the children make. Next week we will be introducing a reward system for the children to help to motivate them with their reading. Thank you very much for your help and support with this.

<p style="text-align: center;"><b>Be Read To</b></p> <p>Bedtime and other stories I have listened to...</p> <ul style="list-style-type: none"> <li>• _____</li> <li>• _____</li> </ul>	<p style="text-align: center;"><b>Learning at home challenge:</b></p> <p>For your challenge this half term, choose an animal's egg to investigate. How is it incubated? How long does it take to hatch? How big is it? What colour is it? You can choose how to present your information; you could even make your own model of an egg.</p> <p style="text-align: center;"><i>Due in by Monday 19<sup>th</sup> March</i></p>	<p style="text-align: center;"><b>Outings and Visits</b></p>
--	--	--

<p style="text-align: center;"><b>Grammar</b></p> <p>This week we have been looking at compound words, these are two words that come together to make a new meaning e.g. football, sunflower, postbox. Can you find other compound words?</p>	<p style="text-align: center;"><b>Spelling Focus</b></p> <p>The children have practiced their spellings every day this week and have worked hard to learn them. Your new list for this week is attached. Please continue to practice these at home.</p>	<p style="text-align: center;"><b>Maths</b></p> <p>This week in maths we have been working with money. The children have looked at the value of different coins and found the correct coins to make different amounts. e.g. 17p = 10p+5p+2p Find the correct coins for the amounts below</p> <p>9p    14p  18p   27p  34p   46p  59p   77p  96p   £1.18  £1.44 £2.76</p> <p>Can you find more than one way to make these amounts?</p>
