GLOSSARY OF TERMS

Within this document, the following definitions apply:

Personal Data or personal information	Data which relates to a living individual who can be identified from that data or that data together with other information which is in possession, or is likely to come into the possession of the Data Controller
Special Category Data	<p>Special category data is broadly similar to the concept of sensitive personal data under the 1998 Act.</p> <p>One change is that the GDPR includes genetic data and some biometric data in the definition. Another is that it does not include personal data relating to criminal offences and convictions, as there are separate and specific safeguards for this type of data</p> <p>Special category date includes:</p> <ul style="list-style-type: none">• race;• ethnic origin;• politics;• religion;• trade union membership;• genetics;• biometrics (where used for ID purposes);• health;• sex life; or• sexual orientation.
Data Controller	Any person (including company organisation or individual) who (either alone or jointly or in common with other persons) determines how and for what the purposes any personal data is to be processed.
Data Processor	Any person (other than an employee of the Data Controller) who processes the data on behalf of the Data Controller.
Processing	Means obtaining, recording, holding the information or data or carrying out any operation on the information including organisation, adaptation or altering retrieval, consultation, use disclosure alignment combining, blocking or erasure or destruction of information or data.
Data Subject	An individual who is the subject of the personal data
